

Join the  
**Flood Mitigation League of Ross Valley**

The Flood Mitigation League of Ross Valley is an organization of home owners, residents and business-owners working to ensure the protection of people, property, and wildlife of the Ross Valley from flood. In doing so, we strive to:

- Work for the development of effective flood control systems and infrastructure
- Ensure local, county, state, and federal agencies take steps to mitigate flooding
- Support immediate and long-term actions to mitigate hazardous flooding conditions
- Inform the public and agencies to hazardous conditions that cause flooding
- Work to improve effective warning measures and rapid emergency response
- Educate the public regarding flood prevention, mitigation, dangers and causes

I want to be a member. Keep me informed about flood mitigation, flood management, and disaster preparedness.
